PREFACE.

In presenting to the citizens of Fort Wayne our Fifth Volume of their City Directory, we congratulate them on the apparent prosperity of the city. It will be found from observation that in last issue we had 9,825 names, and in this edition 10,208 names, showing an increase of 383. Taking the same average as in former quotations, we estimate the present population to be 34,026. We have used our usual care and diligence in procuring our information, and we think the public will find this volume as correct and reliable as former publications of ours. We tender our thanks to the business and professional men of the city for their liberal patronage, and will make it our endeavor in future issues as in past by carefulness and accuracy to merit a continuance of their patronage.

HOFFMAN'S PATENT BAND SAW MILL

FOR SAWING LOGS.

Among the many advantages this Mill has over Circular and Mulay Mills we mention :

1st. **SAVING OF LUMBER.**—Ordinary Saws cut five-sixteenths of an inch saw-kerf; our Band Saw takes one-twelfth. This makes a saving of 229 feet of lumber on each 1,000 feet of inch boards sawed.

2d. **SAVING OF POWER.**—Twelve-horse power will cut 8,000 feet of lumber per day.

3d. **MAKING BETTER LUMBER.**

4th. **FREEDOM FROM DANGER.**

WE ARE ALSO PREPARED TO FURNISH OUR IMPROVED PATENT

BAND SAW MACHINES FOR SCROLL SAWING.

A Mill and the small Machines can be seen in operation at our Factory in Fort Wayne. Manufactured only by

NOTICE.

We have not in this, nor shall we in any future issues of the Fort Wayne City Directory, ask or authorize the collection of any moneys in advance of the delivery of the book.

Our Solicitors have strict orders to that effect. We are led to mention this from the fact that certain parties, fraudulently claiming to be our agents, have been soliciting payment for patronage in advance.
